

# MUSHIE

Products that bring calm to parenthood

mushie

# Mushie Floor Display

To showcase Mushie products effectively.

The presentation of products plays an important part in attracting customers and driving sales. The Mushie floor display is designed to draw attention and engage customers with its neatness; the display ensures that every product is visible and accessible at all times.

The display will be sent flat packed (ready to assemble without the use of tools) to reduce cost and storage space.

We do expect that the Mushie displays will only be used for presenting Mushie products.

# Mushie Floor Display
