

FRIGG

FRIGG

Designed and manufactured in Hinnerup, Denmark, FRIGG is for everyone who wants the best for their baby. We provide parents with unparalleled quality where form and function live in harmony. Every product is imagined and crafted with safety and beauty while always promoting health and wellness for babies.

FRIGG means "beloved" in Old Norse, ultimately derived from Indo-European *pri for "to love." In Norse mythology, Frigg was the goddess of earth, air, and fertility and the wife of Odin.

We value the beauty in minimal design and the use of minimal materials. Our products' clean lines and warm colors reflect our values. FRIGG products are 100% free from BPA, PVC, and phthalates. Each FRIGG pacifier is produced with a stretch and vacuum test, and is marked with batchnumber and size.

FRIGG

Natural Rubber

100% natural material
Even softer than silicone

Size 1
