VEGAN

- Contains 400 ml
- Fragrance: Lavender
- 100% Vegan
- 99% Natural ingredients
- Suitable for daily use for ages 0+
- Made in Denmark
- Cruelty Free

### Certifications:

### How to use the Baby Lotion:

Apply a small amount of lotion to baby's clean and dry skin. Reapply when needed. External use only.  
Avoid contact with eyes.

### Special ingredients to highlight:

- Coconut oil (Cocos Nucifera Oil\*) - Coconut oil has really good emollient and conditioning properties. It is good for dry, itchy and sensitive skin as it makes a protective film on the skin. In addition, it has good absorption properties.
- Shea Butter (Butyrospermum Parkii Butter) - Shea butter is a cold-pressed, refined and odorless vegetable fat, rich in unsaturated fatty acids. Shea butter has a particularly high content of oleic acid which is really good for very dry skin. Shea butter therefore has a pronounced moisturizing and emollient effect. In addition, shea butter is rich in "non-glyceride" substances such as phytosterols, which are similar to cholesterol and are considered a good moisturizing and skin soothing ingredient.
- Canola oil - Canola oil is a nourishing oil with a high content of natural tocopherol (vitamin E), which protects against free radicals and thus oxidation. The canola oil protects, calms and moisturizes the skin.
- Glycerin - Glycerin prevents the loss of moisture from the product so that it does not dry out. In addition, it binds moisture from the surroundings to the skin, so the skin is smoothed, moisturized and softened. Maintains the skin's natural moisture balance.
- Vitamin E (Tocopherol) – Vitamin E is a very important antioxidant that protects against free radicals. Vitamin E is a fat-soluble vitamin that protects both the product and the skin from free radicals.
